Hello Paul,

I recently spoke with Leslie Heppler about updating our reclamation bond and obtaining a new NOI. It looks like it may take a few months for us to gather all the information we will need to complete this (Leslie agreed that it probably would take a few months). I believe we will be able to complete the process by the end of May 2016. Can we please extend the deadline to 5/31/16?

Thank you,

**Matt Allen**

I want to check with Leslie before giving you an answer, but I recognize it takes some time to put this information together. She should be back Monday, so I should be able to respond then. Thank you for the request.

That sounds good – thanks for the update.

Have a great weekend.

Paul - Yes I am fine with it. Their bond was redone when the mine was transferred to Bolinder and this is their first extension. It would be good if they came in sometime in March for a sit down to review the progress. thx-lah
